The product listed below is sold as a component and used in conjunction with motors and other equipment of suitable rating to complete a system in the end use.

Compliance with safety and EMC regulations depends upon installing and configuring drives correctly, including using the specified filters. Only a qualified person must install the drives, who is familiar with requirements for safety and EMC. The end user is responsible for ensuring that the end product or system complies with all the relevant laws in the country where the product will be used. Refer to AMC installation manual for detailed EMC information.
